

# SMS FLATSCREEN WFH ST2000

Great presentations for great expectations.

SMS Flatscreen WFH ST2000 functions perfectly as either a wall bracket or floor bracket and holds up to three screens. If you're eager to get your message out, then this is the bracket for you. Three screens can be mounted horizontally or two screens vertically. Each screen can of course be tilted. The maximum load for the WFH ST2000 is an impressive 100 kg. The bracket can also be fitted with useful shelving (optional).

## New!

The adapterplate has a new design, which is easier and more user friendly. There is also a new design on the pillar which allows you to, stepless, raise and lower you screen and shelves.

The new SMS Flatscreen H2 Unislide is included in the bracket.
